REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to suggest, or make obvious, the claimed method of manufacturing a cable anchoring jaw including at least wherein the interrupted cuts are performed so as to impart to each bridge a surface, directed towards the corresponding slot, of which at least a portion is inclined relative to a direction perpendicular to a radial plane of the slot so that the bridge breaks at a determined position along the direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S COMMENT

Drawings

Figure 1 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in France (FR 99 09664) on 07/28/1998. It is noted, however, that applicant has not filed a certified copy of the French application as required by 35 U.S.C. 119(b).
